---	--	---

I want to join. What do I do now?

Please read all the information in the membership information leaflet / sheet to check that you are eligible to join, then fill in the form below and return it by hand or post. If you return it by post, please include payment and a SAE. Cheques should be made payable to 'Children's Scrapstore'. If you would like us to invoice you for your membership fee, please include a purchase order with your form. Please note that extra cards cost £1 each on top of the normal fee.

Memberships are normally processed within a week so you can expect to have your cards and receipt returned to you within a few days.

We have a few rules...

- You MUST provide a membership card to use the store. If you cannot find your card please call before you visit
- Your membership card can only be used by and for your group. Please do not lend your card to other people. Non payment of membership fees will jeopardise the Scrapstore service.
- Members are not permitted, under any circumstances, to sell the scrap materials. e.g. at car boot, jumble and PTA sales.

How much should I pay? (See over for the Quick Calculator)

Scrapstore membership fees depend on the running costs of the group/ individual joining. This is so that groups run by volunteers or with very little funding pay less than groups with paid staff and larger budgets. The membership fee also depends on the location of the group and the area usually served by this Scrapstore.

You can work out which membership fee band your group falls into by calculating the total costs for running your project. You should include things like:

- wages for any staff (if you are an individual, how much will you earn from your group?)
- rent
- funding to run your group
- budget for resources etc.

This doesn't have to be a complicated procedure. If you don't know exact figures, make an informed estimate. We won't check up on your calculation but we do ask you to be honest and pay the right fee.

Larger organisations: You may be a component of a larger organisation such as a hospital ward. Try to assess if this has a separate expenditure and if so, use that. Include staff salaries in this figure too.

Church / religious groups : Add up the expenditure of all the projects run in your premises who will want to use the card and use this figure to assess your band
